after DJT actually signs it. I'll point out the location of the other eggs much more creative - overall though, the writers were very sophisticated. they closed many many loopholes. and did it elegantly . example closing all the 1031 crazy transactions by merely inserting the word " real" in from of the word property very clever, or not redoing the paragraph but merely changing the penalty to zero. . or detailing related party definitions that had teeth. . they cant be faulted for not getting it right -100 percent :)
