i will forward it . he asked if you would come back again. without the russian. to me it was a woody allen movie . you talking conciousness , his wife more concerned with the salad dressing, and the russian deciding the future of syria. . As you know I find ideas no matter how extreme , the root of possible insight. so the other day I had viisitn the psychedelic crowd. one of them has opened a store on 1 st and the bowery called the alchemist kitchen. . How about we meet there , I want to see the store and you ride with me back uptown. lets say 230? I have left my schedule open after.
