Hi Alan

I was reading through the files related to the Jeffrey Epstein case, including the original criminal case where you defended Mr. Epstein, and saw a letter both you and Gerald Lefcourt co-authored on his behalf dated July 6, 2007.

The letter said "Mr. Epstein was part of the original group that conceived the Clinton Global Initiative, which is described as a project 'bringing together a community of global leaders to devise and implement innovative solutions to some of the world's most pressing challenges.' Focuses of this initiative include poverty, climate change, global health, and religious and ethnic conflicts."

I just wanted to clarify if Mr. Epstein was on the board of directors or listed as a founder anywhere or on any paperwork associated with the foundation and if so, in what capacity. Also wanted to clarify what you specifically mean by being part of the original group.

I attached a screen shot of the exact passage I am referring to.

Thanks,

Malia
