The Guardian has learned that Rubinfeld is currently the subject of an internal investigation at Yale. The investigation is focused on Rubinfeld's conduct, particularly with female law students. Students have also raised related concerns to Yale authorities about Chua's powerful influence in the clerkships process. The investigation was initiated before Kavanaugh was nominated by [Donald Trump](#) to serve on the high court.

Rubinfeld said in a statement to the Guardian: "In June, [Yale University](#) informed me that it would conduct what it terms an 'informal review' of certain allegations, but that to preserve anonymity, I was not entitled to know any specifics. As a result, I do not know what I am alleged to have said or done. I was further advised that the allegations were not of the kind that would jeopardize my position as a long-tenured member of the faculty.
