Catching up on some reading and finally read trumps 100 pages of nonsense. Some interesting findings:

- 1) foundation is inactive
- 2) ironic that starrett city largest federal subsidized housing project which trump had 4 percent interest was finally sold while he is president.

- 3) other than doral and post office hotel no substantial income from any of his enties that he showed..

- 4) 30 pages of stock purchases and sales all 5-15k.

- 5) cash in his name 25mm or less

- 6) still has money in revocable trust from his father at jpm 1-5mm

- 7) claims to have as much as 125mm in trump revocable trust at cap one, professional bank, signature bank and bank United but can be as little as 40mm it mins were real numbers.
